AGENDA ITEM WORDING:

Approval of a Resolution in support of a Small Cities Community Development Block Grant (CDBG) through the County for Knucklehead's Restaurant, Baypoint

ITEM BACKGROUND:

Recently CDBG grants became available through the Florida Department of Community Affairs for projects, which would establish new jobs to low and very low income individuals in the community. Benefits to accrue from such projects must include one of the following; that jobs are created and/or retained; that additional job "spin-offs" may occur, that there is an increase in the tax base; and/or that job training may be provided to low and very low income individuals.

Knuckleheads Restaurant is interested in applying for this CDBG grant through the County and anticipates that as many as twenty new jobs will be developed for low and very low-income individuals. Benefit to the County accrues, as the funds from this grant will help reduce the cost of the wastewater project to property owners at Baypoint. Knuckleheads Restaurant will benefit, as they will receive an offset to some of their connection costs, which result from building their wastewater system and then shifting to the Baypoint collection system.
